The waterways of Alaska can be as dangerous and unforgiving as they are spectacular. In view of this fact, all paddlers should keep safety at the forefront of their adventures. Knik Canoers and Kayakers is proud to present their annual Safety Meeting to help accomplish that goal. Whether you are a sea kayaker, a white water rafter or a flatwater canoeist, safety is your concern. The first place to begin to address that concern is the Safety Meeting. KCK will offer informative and entertaining presentations on subjects including: Paddle Safety Gear, Trip Planning, Boating Hazards, Defensive Swimming and Hypothermia. In addition, there will be drawings for a number of safety related door prizes. Just pick up your free ticket on the way in. Sign-ups for more comprehensive classes offered by KCK in Canoeing, Rafting and Sea Kayaking will be available on a first come first serve basis starting at 6:00 pm in the lobby outside the theater. There will be an information desk for beginners as well as a membership desk for joining or renewing. Classes fill quickly, so don't delay. The meeting is free of charge and open to the general public. Bring a friend, relative or anyone interested in paddle sports and let's all do our part to make 2008 a safe and enjoyable paddling year.
